Hiring

ActionScript3 Developer / Software Engineer

Part-time / Full-time

We are a team of five enthusiasts from Austria, focused on building the future of media mashups at <http://Weavly.com>. We are looking for a dedicated **ActionScript3 Developer / Software Engineer** who'd like to share the joys of startup life with us.

What we offer

- **Part-time or full-time job**, depending on your level of commitment. We're looking for a new team member at the moment.
- **Money.** We're funded and your work definitely will be paid.
- Joy of working with a dedicated team. Possibility to significantly influence the product and **bring in your own ideas.**

What we want

- Advanced **ActionScript3 / Software Engineering** skills.
- Ability to write beautiful object oriented and scalable code.
- Experience in creating usability optimized interfaces.
- High degree of **personal responsibility**, willingness to learn.
- Profound knowledge of Web Fronted technologies and frameworks.
- A voice like Al Pacino. And his cool beard.

Nice to have

- Residence in **Vienna** or the willingness to travel there once every two months.
- Experience in dealing with video and sound editors.

Interested? We'd be happy to take a look at your application (English or German). Simply send your stuff to oliver.lukesch@weavly.com and we'll get in touch as soon as possible!
